CITY AND COUNTY OFFICIAL PAPER

FREE COINAGE 16 to 1

For President and Silver:
W. J. BRYAN, of Nebraska.

For Vice-President:
ARTHUR SEWALL, Maine.

We demand the immediate restoration of the free and unlimited coinage of gold and silver at the present legal ratio of 16 to 1, without waiting for the aid or consent of any other nation. We demand that the standard silver dollar shall be a full legal tender, equally with gold, for all debts, public and private and favor such legislation as will prevent the demonetization of any kind of legal tender money by private contract.—Democratic National Silver Platform.

A man who has been pronounced officially dead turned up in New York recently and demanded his share of his father's estate. The courts refuse to believe him alive in spite of his own affidavit. Some people's reputation is always getting in the way of their material advancement.

It would seem as if the erection of the free coinage banner at Chicago was all that was needed to awaken the slumbering silver sentiment of the nation. As an exchange aptly says from many portions of the east, where the existence of such a sentiment was unsuspected, have come assurances of active support for Bryan and Sewall. The people all over the United States have become tired of the existing status, and desire to return to the prosperity that existed under bimetallic conditions. They have seen a single gold standard erected, and the rich become richer and the poor poorer. They recognize the greed and arrogance of the money power, and are determined once for all to reduce it to its proper level.

The World's Fair Tests showed no baking powder so pure or so great in leavening power as the Royal

That was before I used the remedial medicine of the great Hudson. I found Hudson was indeed a wonderful medicine. I found Hudson does cure cases of weakness, of loss of day or night, I can now say so.

The National Matte Smelter.

A practical and simple method of smelting sulphide ores, such as nickel, copper, gold and silver ores. In localities where lead ores and fuels are scarce and almost unobtainable, our pyritic, water jacket Matte Smelter has been recognized with highly satisfactory results, and has been thoroughly tested on various pyritic, sulphide and arsenic ores, in capacity of 2 to 30 tons per day. It is the most practical, cheapest and simplest method of gold and silver ore matting and concentrating that is known today.

It requires no extraordinary skill, no lead ores, no fluxing material, and no fuel of any kind for the smelter after it is started. The sulphur in the ore is the natural fuel only, and its cost has no comparison with any other process of concentrating.

We are prepared to furnish any size or capacity plant complete to substantial mining people, set up and furnish our men to run it for them on easy payments. Price and specifications furnished with references and testimonials on application.

NATIONAL ORE & REDUCTION CO.

5736 Cheltenham Avenue, St. Louis, Mo.

For your Protection.—Catarrh "Cures" is a Tonic for Catarrh in liquid form to be taken internally, usually contains either Mercury or Iodine of Potassa, or both, which are injurious if too long taken. Catarrh is a local, not a blood disease, caused by sudden change to cold or damp weather. It starts in the nasal passages, affecting eyes, ears and throat. Cold in the head causes excessive flow of mucus, and, if repeatedly neglected, the results of catarrh will follow: severe pain in the head, a roaring sound in the ears, bad breath, and sometimes an offensive discharge. The remedy should be quick to allay inflammation and heal the membrane. Ely's Cream Balm is the acknowledged cure for these troubles and contains no mercury nor any injurious drug. Price, 50 cents.

Notice to Creditors.
